SALE MANAGERS' FOREWORD

It is with pleasure that we welcome you to this eleventh annual Manitoba Polled Shorthorn Breeders' Show and Sale.

Most of the consignments have been inspected on the farms. A few from more distant areas, will be inspected on arrival and only those animals, which we feel are a credit to this sale, and Polled Shorthorns, will be approved.

We have accepted a few horned females, bred to a Polled Shorthorn bull, in this year's sale. This out-cross could prove to be a more superior animal. These horned females could be the buy of our sale.

The demand for bred females has been heavy this year. For this reason more younger animals are offered in this sale than in previous sales. We believe this is the best group of young working females ever offered in our annual sale.

More horned breeders, each year, are trying a Polled Shorthorn bull. This year's group of young bulls, have some great herd bull prospects.

Plan to attend the banquet the night before our sale. It is an opportunity to meet the men you may be buying from tomorrow.

Should you wish to mail in bids on animals in this sale, the managers will forward bids sent to them, to our sale representatives.

For any information or help regarding our sale, please contact us.

GENERAL INFORMATION

TIME AND LOCATION:

The show will be held at 10 a.m., and the sale starts at 1 p.m. daylight saving time., at Brandon Winter Fair Buildings, 10th Street Street and Victoria Avenue on Friday, Oct. 17, 1969. Brandon is situated on the Trans-Canada Highway No. 1 and No. 10, 40 miles north of the U.S. border.

ACCOMMODATION:

There are many excellent hotels and motels in Brandon. If you require accommodation contact either of the Sale Managers for your requirements, they will be glad to look after all details for you.

TRANSPORTATION:

Brandon is on the mainline of the C.N.R. and the C.P.R. and is on the Trans-Canada Highway with excellent bus service. Winnipeg has excellent air service and is only 135 miles of Brandon. If you require transportation to Brandon from Winnipeg call either one of the Sale Managers.

REPRESENTATIVES:

Ab. Stoltz, Secretary, Canadian Shorthorn Association, Gummer Building, Guelph, Ontario.

Wilf Davis, Beef Cattle Fieldman, Manitoba Government, Dauphin, Man.

R. E. Forbes, Manitoba Department of Agriculture, Extension, Centre, Brandon. Phones: 727-2587 or 728-5724.

Those wishing to send mail bids can send to any of the above. Wilf Davis will be at the Prince Edward Hotel, Brandon, Man., on the night of October 16th, 1969, and will accept bids or provide any information re the sale required.

INSURANCE:

Insurance will be available for all animals at the sale.

JUDGE:

We have been fortunate in having Allan Muirhead accept our invitation to judge our show. Wm. Muirhead and sons, Neil and Allan, have raised Shorthorns for many years. The big modern cattle of today, are not new to them. The name, Muirhead of Shellbrook, Sask., winning championships or judging a show, is also, "old stuff" to the Muirheads.

J. R. (JOCK) BLACKLOCK, Auctioneer, Saskatoon, Sask.

Veterinarian, DR. HUGH BEST, Brandon, Man.

TERMS AND CONDITIONS

- 1—Each animal will be sold to the highest bidder.
- 2—The auctioneer in charge will settle any disputes as to bids and his decision on such matters shall be final.
- 3—Terms of sale are cash.
- 4—Each animal will be at purchaser's risk as soon as sold, but will not be delivered until settlement has been made. Every precaution will be taken, however, they will be at purchaser's risk of loss or injury.
- 5—A certificate of registration will be transferred to the buyer for each animal sold, including calves at foot.
- 6—Any changes from breeding dates in the catalogue will be announced from auction box and these will take precedence.
- 7—All persons who attend the sale, do so at their own risk, and neither the owner nor sale managers assumes any liability, legal or otherwise, for any accidents which may occur, or the behaviour of the animals.
- 8—Reliable truckers will be available and we will make arrangements for shipping your cattle, at your request.
- 9—All animals originate from T.B. and Bangs free areas, and are eligible to go anywhere in Canada. Every co-operation will be given to hold animals for the necessary tests to be eligible for export to U.S. A Federal veterinarian will be in attendance and will gladly discuss all health standards with you.
- 10—All animals guaranteed breeders. A bull should not be allowed to serve when under fourteen months of age or be allowed to run with the herd when under twenty months of age. In the event of an animal proving to be a non-breeder or of a female breaking service date, if a satisfactory settlement cannot be reached with the consignor, the purchaser must file protest and proof in writing to the Secretary of the Manitoba Polled Club; such protest must be accompanied by a deposit of \$25.00. If on inspection by a veterinarian appointed by the Manitoba Polled Club the protest is allowed and the animal declared a non-breeder the \$25.00 deposit will be refunded to the purchaser, and the consignor will be required to pay costs in connection with the veterinarian inspection re the animal. If, however, the animal proves to be satisfactory and is declared sound by the veterinarian, the buyer must assume the cost of the veterinarian's inspection. If the protest is allowed the non-breeding animal again becomes the property of the seller who shall:

Replace the animal immediately with one of approximately equal age, quality and breeding acceptable to the buyer. If the seller does not have the above animal available he must refund 90% of the purchase price of the animal to the purchaser. Return transportation charges to be paid by the seller, no charge for feed or maintenance shall be made by the purchaser.

MANITOBA POLLED SHORTHORN BREEDERS' PRESIDENT'S COMMENTS

"THE MANITOBA POLLED SHORTHORN CLUB" is again sponsoring the Annual Polled Shorthorn Sale.

The cattle offered will be the big modern polled cattle, that are in strong demand all through North America.

Polled Shorthorns have again set an enviable record both in Canada and the U.S. at Sire Indexing Centres.

They have also won a major share of top awards at both large and small fairs, not only in Canada but in the U.S. during 1969.

The success of the Thomas, Gordon, Draper and Duncan sale indicates the demand is great for Polled Shorthorns with the right size and rate of gain, to work improvement in both purebred herds and in crossbreeding programs.

The members of the Polled Shorthorn Club agreed to accept nominations of horned females bred to Polled Shorthorn bulls. A number of these females have been accepted by our selection committee. All entries have been inspected and have passed the high standard set by the selection committee.

We suggest that anyone interested in herd improvement reserve the date, Oct. 17, to be in attendance at the Polled Shorthorn Sale in Brandon, Man., on Friday, Oct. 17, 1969.

—HARVEY FULTON, President.

AWARDS

GRAND CHAMPION BULL

Trophy donated by Canadian Imperial Bank of Commerce

GRAND CHAMPION FEMALE

Trophy donated by National Grain Company, Brandon

AUCTIONEER'S COMMENTS

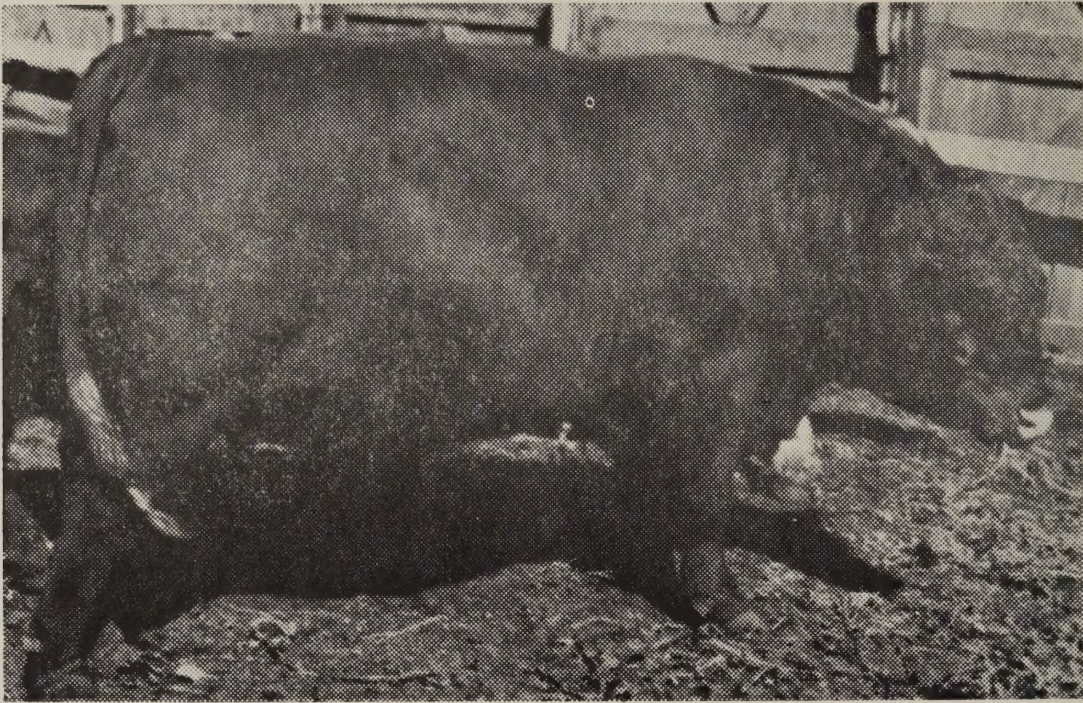

Polled cattle have always appealed to me. I think that is a practical step that breeders can take to provide their commercial customers with an animal that has one less operation to be performed — that of dehorning. It is a troublesome job whether it is done with caustic as a calf or with dehorners when they grow up. The Polled factor is a utility feature and this has been well borne out by the keen demand enjoyed by Polled cattle at our sales.

What has troubled me in the past was that some inferior Polled cattle have sold at premium prices. I felt that quality should not be allowed to slip just because an animal was Polled. However, the demand was there, people wanted them Polled and they sold high.

That is not a worry now. The average quality of Polled Shorthorns in Western Canada equals or exceeds any beef animal. Polled Shorthorn breeders have taken the lead in producing the bigger, longer and better muscled cattle with "elevation" that are required today. The Shorthorn International Spotlight Show held in Regina indicated what can be expected from Polled Shorthorns. In open competition they won both Grand and Reserve Male and Female and all the group classes. All of these winners came from Western Canada herds and were of bloodlines that have been, and are, well represented in this Opportunity Polled Shorthorn Sale. In addition, recent Polled Shorthorn sales held in Manitoba have included animals that have gained International recognition by topping shows in United States. American breeders are looking for our kind of cattle to fill today's needs. We are the seed stock source of the continent.

This is why Polled Shorthorns appeal to me. This sale features the best of Polled Shorthorns that are obtainable today. Invest in the "Breed with the Greatest Future" by meeting me in Brandon on Friday, October 17th.

—J. R. (JOCK) BLACKLOCK.

We are only offering a two-third interest and possession in this bull. A proven sire. He has tremendous bone and good feet. He is a top son of Pleasant Dawn Seal 2nd. Both grand sires, Hi-Way Royal Oak and Hi-Way President are sired by Riverside Banker-x, a bull that left top quality progeny for W. Larson and Fred Johnson in U.S.A. "President 7th" has all the qualities asked for in today's herd sire. He has length, depth, ruggedness, fleshing ability. Has a quiet disposition and is a constant mover in the herd.

Pleasant Dawn Farms

PLEASANT DAWN RIVERHURST—red was champion at the 1967 Polled Shorthorn Sale. The roan pair—Frontiers' sons, were both class winners, first prize pair, Junior and Grand Champion in 1967 Provincial Spring Bull Sale. Photo taken Nov. 1966.

Our herd is raised in the rough . . . Cows winter in yards on hay only. Kept in working condition, they produce a near 100% calf crop of the kind that have always been popular with the commercial breeder.

Five Manitoba Shorthorn Breeders selected PLEASANT DAWN BULLS in 1969 for their first POLLED SIREs.

PRESENT SIREs:

PLEASANT DAWN APPROVAL x

Weight May 14th, 1969; 4 years old, 2,285 pounds

KINNABER LILY CORONITA—Grand Champion Female at the "AAA Sire of the Year" National Shorthorn Show at Lincoln, Nebraska, for Kinnaber Polled Shorthorns; sold in our June Sale for \$3,500, to Carl Jernburg of Atlanta, Georgia.

Since last year's sale we have shown the Grand Champion Female in the Polled Show at the Chicago International, then on to Denver where our two Polled female entries in the open show won the Senior and Reserve Senior Champion with the Senior Champion, Dana Coronita 2ndx, being made Grand Champion; the next week she repeated this win by being made Grand Champion at the great Fort Worth, Texas, show. The first time in history these wins were ever made by a Canadian Polled Shorthorn.

Then at the Stanford, Montana, Test Station we had the record selling \$7,250, two-third interest bull and the high breed average of \$2,550. Next at our sale in June with our neighbors, the Thomas, Duncan and Drapers, our 25 head consigned averaged \$1,548 and went to many U.S. States and three Canadian Provinces.

Then on to the Canadian major summer shows we had Grand Champion bull and female at the Winnipeg Exhibition; on to the Brandon Exhibition we showed both Grand and Reserve Champions in both the bull and female section. At the Calgary and Edmonton Exhibitions we showed both Reserve Champion bull and female and were Premier Exhibitor at these shows as we had been at Winnipeg and Brandon. At the Saskatoon Exhibition we showed the Grand Champion bull and Grand and Reserve Champion female. Then on to the Regina Exhibition where the "National Shorthorn Show" was held and drew over 200 entries from the four Western Provinces; here we showed the Grand Champion Female and the Reserve Grand Champion bull, were Premier

Kinnaber Polled Shorthorns

GORDON BROS.

SOURIS, MANITOBA

Bob and Joyce and Family

Wayne and Eleanor and Family

Breeder and Exhibitor and won all the group classes entered in, including the best seven head at the show.

On to the U.S. shows we have to date shown Grand and Reserve Champion female at Billings, Montana, and Grand Champion bull; at the Colorado State Fair we had both Grand and Reserve Champion female. Then to the great AAA Sire of the Year National Shorthorn Show, which drew 242 head from 47 contributors from 10 States and Manitoba. We were able to keep Manitoba on the map by showing the Junior and Grand Champion Female, plus the Senior Champion female, won three first prizes including pair of females and saw the progeny of T.P.S. Coronet Leader 21stx being the big winners in this important "Sire of the Year Show".

Meanwhile out at Billings, Montana, in April, John R. Scott made history for Shorthorns in the heart of cow country and for Leader 21stx when he sold 1200 Leader calves for a premium of 4 cents a pound over the 4,500 head of other cattle he sold which were Hereford and Angus.

Gerald Gibbs of Jordan, Montana, states that his 800, 1969 calves are 50 pounds heavier now than any calves he has ever raised and he has used the top bulls of other breeds available.

I. Halverson of Peerless, Montana, who is using three Leader 21stx bulls says his calves, a three-way cross, are the best he ever produced on his ranch. In fact an Oklahoma cattleman came and purchased a semen interest in one of his Leader 21stx bulls for twice what he paid for him and took 35 of his three-way heifer calves for \$200 each, right off the cow. Leader has made many friends for Shorthorns in cow country and these three ranchers are just a few of the cattlemen using Leader or his progeny with great satisfaction.

It has been rewarding to see our cattle go to the three Western Provinces and to many U.S. States from Ohio to North Dakota.

We have no cattle entered in the sale this year, but we know you'll find the offering will surprise you with their size and quality, as the group of breeders consigning have as sound a breeding program to breed big, utility cattle as you will find anywhere in North America. Their enthusiasm and desire to breed a better Polled Shorthorn will give you inspirations to breed the best cattle possible.

Remember you are always welcome at Kinnaber where we enjoy talking about your cattle and our cattle and what the future will demand of them.

CLASS 5—FEMALES BORN IN 1967

Consignor: JOHN INKSTER, Balmoral, Man.

LOT 15—Balrossie Maude 27th, 574876

Female

Tattoo FSH 2Y — Born Feb. 13, 1967 — Bred by John Inkster

Scotsdale Utopia, 410108	-----	Calrossie White Emblem (imp)
		Scotsdale Pierrette Clipper, 513824
Balrossie Maude Elaine 2V	-----	Balrossie Methewan Mercury, 402701
		Sandoon Maude Elaine, 398218

Bred by Weston Trademark 2ndx on April 16th, 1969.

Balrossie Maude 27th, sired by Scotsdale Utopia by the Perth bull sale top, Calrossie White Emblem; her dam, Balrossie Maude Elaine 2V, was sired by Balrossie Methewan Mercury by the great Avoncraft Polar Mercury, reserve champion at Calgary Bull Sale. Balrossie Maude 2V dam, Sandoon Maude Elaine was sired by the great sire, Cruggleton Permit (imp.); dam, Saltoun Maude 18th (imp.) is a direct line of the Scotch Shorthorn Marr Maude family. Sandoon Maude Elaine, whose sons and grandsons have won many top honors at the Manitoba Winter Fair and Bull Sale, was born April 17th, 1950, and has calved 17 progeny, all single births, and at present is in heavy fleshing and is carrying the service of Weston Trademark 2nd, one of the very top sons of TPS Leader 21st.

Consignor: JOHN INKSTER, Balmoral, Man.

LOT 16—Balrossie Maude 28th, 574877

Female

Tattoo FSH 3Y — Born April 26, 1967 — Bred by John Inkster

Scotsdale Utopia, 410108	-----	Calrossie White Emblem (imp)
		Scotsdale Pierrette Clipper, 513824
Balrossie Maude 9th, 510851	-----	Searle Max Cyril, 369839
		Sandoon Maude Elaine, 398218

Bred by Weston Trademark 2ndx on June 5th, 1969.

Balrossie Maude 28th bred much the same as Maude 27th, except that her grand-sire is from the great Cruggleton Family, imported by the Gallinger Herd of Shorthorns, Searle Max Cyril, by Killearn Cyril, by Cruggleton Cyril. These two heifers should be tops as foundation for a new herd or to improve a top herd.

Consignor: C. S. THOMAS & SON, Hartney, Man.

Female

Tattoo MUY 8Y — Born March 14, 1967 — Bred by C. S. Thomas & Son

Coronet Max Leader X	-----	Priam Royal Leader X
		Lavender Coronita 20th X
Thomas Max Flora 6V	-----	TPS Max Coronet 92nd X
		Thomas Perfect Flora 4S X

Pasture bred by Kinnaber Leader 6th

This heifer is a twin with a female. We have only a few females by Coronet Max Leader out of females by the International Grand Champion TPS Max Coronet 92nd, a combination which we bred to develop SIZE, and QUALITY, which are now being so strongly sought after. Being bred to Kinnaber Leader 6th, she could come along with a really outstanding calf, for we believe the sixth to be the longest son of TPS Coronet Leader 21st, to have developed to date, and we have seen a lot of them. Remember that the Lattimers bought a son of the sixth, as did John Shuman of Buyers, Colorado.

Consignor: C. S. THOMAS & SON, Hartney, Man.

LOT 18—Thomas Lily 40Y, X-576951

Female

Tattoo MUY 40Y — Born March 26, 1967 — Bred by C. S. Thomas & Son

Coronet Max Leader X	-----	Priam Royal Leader X
		Lavender Coronita 20th X
Thomas Lily 63T	-----	Hilldale Jubilee X
		Parkleigh Lily 21G

Pasture bred by Kinnaber Leader 6th

Frank Starkey of Berthoud, Colorado, purchased the mother of this heifer in our sale this year for \$1,025.00. Remember the good white cow? She had an excellent udder, which was feeding perhaps the most promising bull calf in the sale. This heifer is bred to Leader 6th, who is out of Butte Lee Fairy 7th, who also is an excellent uddered cow. With the extreme size of Kinnaber Leader 6th, this heifer may well produce one of the very best calves to drop next year. We think so much of the sixth that we artificially bred our whole herd to him this year.

HI WAY FRONTIER, sire of Lots 19 and 20

Consignor: LLOYD M. HATCH & SONS, Oak Lake, Man.

	Roan, L. M. Hatch

Service date between May 21 too Sept. 20, 1969; sire: Pleasant Dawn Royal Oak 7th
This June 30th heifer is from one of our largest cow families. Sire of
her grand dam, Royal Scotsman, weighed 2,110 pounds (Winnipeg
Auction) and off pasture in 1948. Bred to Oak 7th, she could be
carrying a good herd sire.

Butte Lee Farms

Central Butte, Sask.

dedicated to the production of high gaining
Polled Shorthorn Cattle

BUTTE LEE ROSEWOOD—Lot 22
a typical BUTTE LEE Production

In our endeavors to produce high gainers we are using the following bulls for herd sires:

1. The well known T.P.S. CORONET LEADER 21st.
2. KODIAK 2nd, who also traces back to Priam Royal Leader. He is crossing very well on Leader heifers as per instance Butte Lee Gainmaster, who was top gaining Shorthorn at the Sheridan, Wyoming, Test Station, at 1,140 pounds at one year of age for Dr. Martin Wood.
3. VIDABLICK COLLOSSAL—Purchased from Ed. Enstrom, Riverhurst, is a young son of BUTTE LEE LEADER 8th, that was one of our best gaining sons of Leader 21st. He is out of a dam by Nupar Meteor who weighed 2,450 pounds and looked it. Many of Meteor's steers in the Enstrom's commercial herd made 1,200 pounds at 18 montss.

EDGAR PHILPOTT

Red	Red
	Nunebor Maxine 27th, 406851
	Red, White Marking

Service date between June 18 to Oct. 1, 1969; sire: Harvest Spartan Joe,

My daughter showed this heifer in the 4-H this year. She stood 2nd in a class of 12 against all breeds. But she has a lot more going for her. Her dam is the biggest cow we have on the farm, she weighs 1,485. She is the only horned cow we have ever kept. We have had her for 8 years. The sire is TPS Coronet Galaxy 32nd, a white bull that I paid a high price to Harold Theiman for but was the best buy in bulls I ever made. The heifer weighed 960 pounds on Sept. 1st, 1969. She is bred to Harvest Spartan Joe and is to calf late in March.

Consignor: A. E. PHILPOTT, Central Butte, Sask

LOT 22—Butte Lee Rosewood, X-580752

Female

Tattoo OFZ IZ — Dark Roan — Born March 12, 1968 — Bred by A. E. Philpott

Butte Lee Bold Leader, X-415923	TPS Coronet Leader 21st, X-406273

	Butte Lee Countess 300th, 487490

Service date June 22, 1969; sire: TPS Coronet Leader 21st, X-406273.

This heifer is a Titan Leader cross. Leader 21st weighed 2,250 pounds and Titan weighed 2,120 pounds. Avocet has a gain index of 113 and is bred back to Leader 21st. You could get a herd bull out of this cross.

SPARTON ACRES

For our first entry into Manitoba Polled Shorthorn Sale we have selected from 85 females, four of which we believe has everything a discriminate buyer would want.

We believe in R.O.P. . . . we cull and select on our indexes . . . but we also insist on smooth, well balanced animals. We know you will like our selections.

Parkfield Rosewood	Red Nugget 2nd
	Parkfield Missie

Pasture bred by Weston Trademark 2ndx

The above heifer, Parkfield Gloria, bred to Western Trademark 2nd, Kjernisted-Croy bull, by TPS Leader 21. Has two generations of polled ancestry on both sides of pedigree.

GLENKAIR RAESIDE 2nd

Raeside was champion bull at Winnipeg, Saskatoon, Regina, and many smaller fairs in 1968. He was a class winner at the 1969 International Shorthorn bull sale.

Our female entries in the Polled Shorthorn Sale are half sisters to Raeside 2nd.

Glenkair bulls have sired not only champion registered stock, but champion steers at most 4-H and major shows in Manitoba and the TORONTO ROYAL SHOW.

Glenkair Farm is a senior and junior enterprise. We plan to keep MODERN, yet MODERATE in our Shorthorn breeding.

For our first Polled Shorthorn herd sire we purchased GREENHAULME LEISHMAN 5th . . . the 1968 Regina Exhibition, Reserve Champion Bull. Females carry his service.

Sire: TPS CORONET LEADER 21x

Owned Jointly with Gordon Bros.

Trademark may not be the biggest two-year-old Leader 21st son, but some of the most knowledgeable breeders claim him to be of the trimmest, best balanced and well muscled Leader 21st sons. Furthermore they have been equally impressed with his calves.

Acadia Farms thought enough of Trademark to select his service on several females at Deep Cove Farm.

If your herd needs a "Trademark" for the future his service will be available with our females in this sale.

WE WELCOME YOUR INSPECTION ANYTIME

LOT 38—Stone Oak Cherry Blossom, X-581678

Female

Tattoo AFAJ 12Z — Born June 23, 1968 — Bred by V. B. Kjernisted

Scotsdale Utopia, 410108	Calrossie White Emblem (imp)
White, S. G. Bennett	White, J. & D. P. MacGillivray
	Scotdale Pierrette Clipper
	Red Roan, S. G. Bennett
	Knockinnoon King 2nd, X-366337
Beaverton's Carvala, X-532587	Red, D. H. Bain
Red, white under., C. Kjernisted	Beaverton's Carla 2nd, 457024
	Red, C. Kjernisted

Originally we had not intended to consign this late June heifer. Her dam is one of our favorites and this was our only heifer out of her. However she now has a Leader 21 helper calf, born August 1st, 1969, and we can see our way clear to sell this one. If you are looking for a real milker, this should be one as her dam would put most Holsteins to shame. The Carla's have always been one of our bigger lines of cattle. A brother went to Montana in 1968, and was a big one. We highly recommend this one. Bangs vaccinated. Sells open with breeding privileges to be announced sale day to Weston Trademark 2nd.

Consignor: KEITH J. C. CROY, Stonewall, Man.

LOT 39—Good Hope Heather, 586461

Female

Tattoo KCC 10Z — Born June 29, 1968 — Bred by George Croy & Son

Scotsdale Utopia	Calrossie White Emblem
	Scotsdale Pierrette Clipper
	Cyril Claude
Parkridge Cyril's Heather	Parkridge Templar's Heather

This is another of the top heifers of Scotsdale Utopia. Her full brother was reserve champion bull of all breeds at the Lunder Bull Sale last spring. Her dam was one of our foundation females purchased from Bert Barnsley in Saskatchewan. Sells with breeding privilege to Weston Trademark 2nd, our top son of Leader 21st.

Consignor: KEITH J. C. CROY, Stonewall, Man.

LOT 40—Good Hope Emmeline, 586462

Female

Tattoo KCC 12Z — Born July 22, 1968 — Bred by George Croy & Son

Scotsdale Utopia	Calrossie White Emblem
	Scotsdale Pierrette Clipper
	Kelburn Great Event
Remitall Emmeline Joyce	Emmeline 16th

This is one of the best daughters of Scotsdale Utopia. She traces back to the great Calrossie White Emblem on both sides. Kelburn Great Event sired many great cattle for the Latimers; Scotsdale Pierrette Clipper is a full sister to the \$10,000 Scotsdale Marshall. The White Emblem-Leader cross has proven to be a good one in our herd. Sells with breeding privilege to Weston Trademark 2nd, our top son of Leader 21st.

CLASS 1—Bull born in 1967:

1st 2nd 3rd

CLASS 2—Bulls born Jan. 1 - April 30, 1968:

1st 2nd 3rd

POLLED AND PROFITABLE

Yes, she is **POLLED**, and is the **PROFITABLE** kind as she weighed 1450 pounds at two years of age. She is a Polled Shorthorn female and it is profitable to breed Polled Shorthorn females like her because more and more commercial producers are demanding the size, length and smoothness of Polled Shorthorns.

These commercial producers know Polled Shorthorns sire healthy calves . . . calves that gain faster, bringing a higher return on investment. The Polled Shorthorn also dehorn the calves, making them easier to handle and easier to sell.

Polled Shorthorns are a modern breed, with calves that will rapidly convert grass or grain into high quality beef . . . giving producers and feeders a faster gaining and a more profitable calf. That's why there's a growing demand for purebred Polled Shorthorns. And why it is profitable to breed them.

The tremendous record that Manitoba and Saskatchewan Polled Shorthorns have achieved on Performance Test against all breeds demonstrating their ability to grow and put on pounds of beef, have put them in demand in the great ranching country of Western United States and Canada, like has never been known before in the Shorthorn Breed.

Visit your neighbor who raises Polled Shorthorns or write the Manitoba Polled Shorthorn Association for sources of supply. Breed for a rapidly expanding bull market . . . Breed Polled Shorthorns.
